This document is an instruction on how to write a scientific abstract for the 12th IFK 2020 in Dresden. The structure of this instruction follows the format proposal for submission. The abstract should include the following information:

- State of art / Research objective
- Level of novelty / innovation
- User benefit
- Validation / Maturity level / Results

All abstracts for the 12th IFK should be written in **English**. Please register and submit the abstract online in pdf form under <https://www.conftool.org/ifk2020/> by **June 10, 2019**. The abstract length is limited to a **maximum of 2 pages / 800 words**.

The standard font type is specified as Arial 12pt, justified. The required line spacing is 1.5 with a space of 6pt after each paragraph.

Figure: 12th IFK (Arial 12)

You can reinforce the statement of your abstract with a (maximum of) one figure, which you may insert at any suitable point within the abstract. Do not put it at the end! The resolution of the picture should be at least 300 dpi.
